

Central States VHF Society (CSVHFS) 54th Annual Conference

July 22 – 24, 2022
La Crosse, Wisconsin

www.2022.csvhfs.org

After two years of postponements, the Central States VHF Society is holding their 54th Annual Conference July 22-24, 2022 at the Radisson Hotel in La Crosse, Wisconsin. La Crosse is located in the southwest portion of the state on the Mississippi River and along Interstate I-90.

The CSVHFS is soliciting papers, presentations, and poster displays on all aspects of weak signal VHF and above operating for the conference. You do not need to attend the conference nor present your paper to have it published in the *Proceedings of the 2022 Central States VHF Conference*. Posters will be displayed during the two days of the conference. Topics of interest include, but are not limited to: antennas, including modeling/design, arrays, and control; low noise pre-amplifiers; test equipment, including homebrew, commercial, and measurement tips and techniques; construction of equipment, such as transmitters, receivers, and transverters; RF amplifiers; propagation; regulatory topics; operating, including contesting, roving, and DX-peditions; EME (moonbounce); digital signal processing; software-defined radio; and digital modes (WSJT-X, FT-8, JT65, etc). Generally, topics not related to weak signal VHF+, such as FM repeaters and packet radio, are not accepted for presentation or publication, although there may be exceptions..

Further information is available on the CSVHFS website (www.2022.csvhfs.org).

If you have any questions about the suitability of a particular topic, please contact the proceedings or presentation coordinators listed below.

Proceedings:

Submit your paper(s) to Kent Britain at wa5vjb (at) flash.net **NO LATER** than May, 23, 2022.

Presentations:

Coordinate your presentation with Donn Baker at wa2voi (at) mninter.net no later than July 11, 2022. With coordination, presentations and posters may be delivered at the conference.
